Dry Ice Equipment

PE800000

Pelletizer PE80

Producing high density pellets
Stainless steel cover
Automatic start/stop LCO₂ valve

Supplied with CO₂ hose, filter and PE800011 - 1 set of

Extruding plates for PE80

PE800010

Set of 3 plates for production of micropellets (1,7 mm)

PE800013

Set of 3 plates for production of micropellets (2,2 mm)

PE800011

Set of 3 plates for production of standard pellets (3 mm)

PE800012

Set of 3 plates for production of nuggets (8 mm)
incl. bracket and plugs

PE800016

Set of 3 plates for production of nuggets (16 mm) incl. bracket and plugs

PE800001

Hood for pelletizer

Reducing sublimation during production.

02800102

Special bearing puller for PE80 filters

Dry Ice Equipment

RE800000-C

Recovery unit RE80-C />40°

Recapturing of escaping CO₂
Reducing production cost by 50%.
Including condensing unit.

Supplied with hose, cord and plugs.

RE150000

Recovery unit RE150

Recapturing of escaping CO₂
Reducing production cost by 50%.
Including condensing unit.

Supplied with hose, cord and plugs.

RE800000-UNI

Recovery unit RE80-UNI

(Other equipment
manofactory)

RE150000-UNI

Recovery unit RE150-UNI

(Other equipment

Dry Ice Equipment

BL600000

Blaster T-3, Electric driven

Regulation of pellet consumption and blast pressure from 1-14 bar

Price including:

- BL103007-60 7 meter blast hose
- BL800001-60 gun
- BL201002 round nozzle L80 inl. Ø6,5 outl. Ø9 mm
- Electrical cord with plug

BL6000FA

Blaster T-3 BL60FA (Factory air) 1/2"

Regulation of pellet consumption and blast pressure from 1-10 bar

Price including:

- BL103007-FA 7 meter blast hose
- BL800001-FA Gun
- BL201011 Round nozzle L80 inl. Ø4 mm

BL600AIR

Blaster T-3 AIR, Air Driven

Regulation of pellet consumption and blast pressure from 1-14 bar

Price including:

- BL103007AIR-60 7 meter rubber/silicone air blast hose
- BL800AIR gun
- BL201002 round nozzle L80 inl. Ø6,5 outl. Ø 11 mm
